1. About this Code

- Whilst we always strive to provide the best customer service possible, sometimes things go wrong. If there is anything you're not happy with, please let us know so that we can work with you to put things right and provide a better service in future.
- This complaints code sets out how you can lodge a complaint about any aspect of our service including our general customer service. It tells you how to contact us, what we'll do and (if we aren't able to resolve the complaint to your satisfaction) how you can take things further.
- You can request a free paper copy of this complaints code using our customer services contact details set out below. You can also contact us and ask for a copy in braille, large print or audio CD (including a text file that can be used on your computer). If there is going to be any delay, for example if a particular format of the code is out of stock, we will let you know.

2. How you can make a complaint

- If you're unhappy with any aspect of our services, the best way to contact us, is by phone or email. If you prefer to contact us in writing you can email or write to us instead, but it may take us a little longer to respond.
- We have explained our internal complaints handling procedure below. This procedure has been designed to ensure that complaints can be resolved fairly and swiftly to your satisfaction.

Ofcom regulates us as part of the communications industry. Ofcom ensures, among other things, that all communications providers have a process for handling complaints. Ofcom doesn't investigate individual complaints on behalf of consumers or adjudicate, but it can provide guidance on the complaints process we have set out in this Code.
